**RESOLUTION AUTHORIZING THE REISSUANCE OF A NON-DOMESTIC WASTEWATER DISCHARGE PERMIT TO VISCOFAN USA INC.**

**WHEREAS**, The Somerset Raritan Valley Sewerage Authority has an established Industrial Pretreatment Program to allow for and regulate the discharge of industrial effluent and/or groundwater via a permit program; and

**WHEREAS**, Viscofan USA Inc., located at 141 Southside Avenue in Bridgewater, New Jersey, is regulated via the Non-Domestic Wastewater Discharge Permit No. 16I; and,

**WHEREAS**, Viscofan USA Inc. has requested that the Somerset Raritan Valley Sewerage Authority (SRVSA) reissue a Non-Domestic Wastewater Discharge Permit to them since their present permit is expiring. The new discharge permit will regulate the discharge from the facility. The permit, if approved, will be effective for five (5) years.

**WHEREAS**, the above referenced industry has agreed to abide by all of the rules and regulations of the Authority concerning the discharge of non-domestic wastewater to the Authority's system; and

**WHEREAS**, a thirty-day Public Comment Period was held to receive written comments or to request that the SRVSA hold a non-adversarial Public Hearing. No public comments were received during the Public Comment Period, nor were there any requests for a non-adversarial Public Hearing.

**NOW, THEREFORE, BE IT RESOLVED BY** The Somerset Raritan Valley Sewerage Authority that it hereby authorizes the reissuance of Non-Domestic Wastewater Discharge Permit 16J for Viscofan USA Inc. located at 141 Southside Avenue in Bridgewater, New Jersey.

**RESOLUTION SUPPORTING THE FUNDING OF THE STATE REVOLVING FUNDS  
AND OTHER KEY WATER PROJECT FUNDING SOURCES**

**WHEREAS**, modern civilization needs clean, efficient and well-maintained water supply, distribution, treatment and recharge systems to keep people healthy and to produce food necessary for our survival; and

**WHEREAS**, all life that shares the earth with the human race needs clean water; and

**WHEREAS**, water is *part of everything*. It is either a component of a product, or it is an element of production, sanitizing, or delivery of products; and

**WHEREAS**, water and water-related infrastructure must operate all day, every day, and requires consistent upgrades, repairs, and often expansions to meet growing demand; and

**WHEREAS**, water supply, delivery, control, and treatment systems need to be modified to prepare for operational conditions resulting from climate change; and

**WHEREAS**, water utilities need adequate funding to address each of these previously listed realities; and

**WHEREAS**, the Clean Water and Drinking Water State Revolving Funds (SRFs) have helped clean water utilities fulfill their responsibilities for the past thirty years; and

**WHEREAS**, over the past thirty years, the SRFs have helped New Jersey finance below market loans for 1,666 water/sewer projects through \$7.6 billion in SRF permanent loans and \$1.48 billion in short-term SRF construction loans; and

**WHEREAS**, these projects have generated 140,000 jobs; and

**WHEREAS**, the proposed FY2026 federal budget would decrease the SRFs by 89 percent and reduce NJ's full SRF allocation from \$84M to \$9M; and

**WHEREAS**, the National Association of Clean Water Agencies (NACWA) has declared that this draconian cut would be tantamount to "kneecapping" the infrastructure financing programs that are vital to local utilities and their communities; and

**WHEREAS**, the Association of Metropolitan Water Agencies (AMWA) has expressed strong support of SRF funding in recent hearings and has urged its members to advocate for SRF funding; and

**WHEREAS**, the SOMERSET RARITAN VALLEY SEWERAGE AUTHORITY BOARD OF COMMISSIONERS agrees with NACWA and AMWA on the vital importance of the State Revolving Funds; and

**Res. No. 25-0519-4**

**WHEREAS**, this utility's customers have directly benefited from the SRF program over the last 28 years in various large capital projects, borrowing approximately \$80 million; and

**WHEREAS**, cutting the overall EPA budget by 54 percent is guaranteed to harm the residents of this state and the surrounding environment, and erase decades of environmental protection progress.

**NOW THEREFORE BE IT RESOLVED** that the SOMERSET RARITAN VALLEY SEWERAGE AUTHORITY BOARD OF COMMISSIONERS calls on our local, state, and federal elected representatives to actively work toward the full restoration of both SRF funding and the EPA budget.
